learning

## JOIN OUR ACADEMY

With a Keystone STARS 4 designation, the Circle of Friends Academy provides stimulating early care and education that promotes each child's social, emotional, physical and cognitive development.

Highlights include:

- Serving children of all abilities
- Talented childcare professionals who demonstrate a commitment to professional development, growth and learning
- ELRC accepted
- Access Schreiber's nationally recognized therapy services - occupational therapy, physical therapy, speech-language therapy and behavioral health
- Access to Schreiber's tuition-based S.T.A.R.S. Preschool, licensed by the State Board of Academic Schools, Commonwealth of Pennsylvania

Circle of Friends  
Academy

Schreiber  
CENTER FOR PEDIATRIC DEVELOPMENT

We believe that every child deserves a bright and healthy future. That's why the Circle of Friends Academy at Schreiber Center for Pediatric Development offers a safe and nurturing environment for children of all abilities to grow and learn.

# WHERE LIFELONG LEARNING BEGINS

## INFANT ROOM

During the first year of life, a baby's brain is growing so fast. We help children build their motor skills and reach developmental milestones by providing stimulation that engages them mentally and helps develop their senses.

## TODDLER ROOM

Through creativity, flexibility and encouraging discovery, our toddler room teachers provide a positive first-school experience. They help children grow through self-paced play while also developing valuable social skills and peer relationships.

## PRESCHOOL ROOM

Preschool is an important time in a child's development. Our teachers guide children to problem-solve, develop social skills, self-help skills and interact with peers. Children are encouraged to discover the world around them in a safe, nurturing and encouraging environment designed to prepare them for kindergarten success.
